Ulster Frontier Line Of Steel; Kidnap Officers

Heavy Guard Stationed On The Border

Kidnap the Constables
BELFAST, Feb. 9.—(By the Associated Press.)—Additional kidnappings occurred today in County Fermanagh, one of the counties in which yesterday's raids were carried out. Four constables were carried off. They were taken in the direction of Killybeg, where it is believed other prisoners are being kept.
Five special constables and four soldiers, fully armed, while on their way to Enniskillen in an ambulance to bring back the men wounded at Newtown-Butler in the early morning, were captured while passing through Monaghan. The car was surrounded and seized by a party of armed men.
The wife of Ivan Carson, former high sheriff of Fermanagh, who was kidnapped Wednesday, received a letter from him today. The missive, which bore no address, said the writer was well and had no cause for anxiety. It develops that he is a relative of Lord Carson, the former Irish leader and commander of a party of special constables in the Fermanagh encounter with the raiders.

One of Prisoners Freed
BELFAST, Feb. 9.—(By the Associated Press.)—Major Miles, of South Donegal, one of the prisoners taken by the raiders of northern Irish counties yesterday, returned to his home today. Others from the same area are reported to have been released.

"Specials" On Duties
BELFAST, Feb. 9.—(By the Associated Press.)—Ulster's frontier was virtually a line of steel today, following the raids yesterday in which many Unionists were kidnapped. Forces of "specials" were on guard as well as heavy contingents of the regular constabulary. It was estimated that five thousand men were engaged in policing the line.

The forces began to move toward the border yesterday. The roads leading southward from Belfast today presented scenes of activity, motor trucks and armored cars bearing the so-called "A" and "B" specials. Accompanying them were other trucks with stores and ammunition.
High tension prevailed at all points. Strangers traveling through the six counties are subjected to the closest scrutiny and in some cases are halted and interrogated.
No communication was possible with Enniskillen today in consequence of the wires from this city being cut.
Colonel Wickham, commanding the Ulster specials, has received a communication from Dublin castle stating that the provisional government is sending special officers to investigate the kidnapping.

MABEL NORMAND'S LOVE LETTERS FOUND IN A BOOT

LOS ANGELES CALIF., February 9.—(By the Associated Press.)—The centralized investigation at the district attorney's office of the mystery surrounding the murder of William Desmond Taylor was expected to begin today, following the alleged discovery and turning over to that official last night of the missing letters written to the director by Mabel Normand.

As Thomas Lee Woolwine, district attorney, is taking personal charge of the trial of Mrs. Madeline Olmstead for the murder of J. Belton Kennedy, William C. Doran, his chief deputy, was placed in charge of the inquiry into the Taylor case.

Although verification from him was not obtainable, the Los Angeles Times published today a statement that the Normand letters, with several telegrams, were in the hands of Mr. Doran.

It had been previously announced evidence in the case from all sources, whether gathered by city police detectives or by deputies of the sheriff, would be turned over to Mr. Doran and all forces, including detectives assigned to the district attorney's office, would pool their energies in trying to solve the mystery.

To this was added today the announcement that Mr. Doran would make all official statements on the progress of the investigation hereafter, although the various officers stated there would be no attempt of their zeal in trying to uncover the murdered.

Miss Normand wanted the letters. Miss Normand, who once searched the Taylor apartments for her letters and who is said to be ill as a result of a collapse at the Taylor funeral. (Continued On Page Eight)

FOUL PLAY SUSPECTED IN BURNING OF SHIP

WASHINGTON, D. C., February 9.—(By the Associated Press.)—An investigation of the origin and circumstances accompanying the fire which yesterday destroyed the former army transport Northern Pacific off the New Jersey coast, was understood today to have been instituted by the government.

NEWPORT NEWS, Va., Feb. 9.—Survivors of the former transport Northern Pacific, which was burned at sea yesterday with a loss of four lives, are not convinced that the burning of the ship was wholly accidental.

While neither Captain William Lusti, who was in command, nor any member of the crew would make a formal statement concerning the fire, some of the latter declared they suspected foul play. Belief was expressed that the fire was the result of some activity on board the vessel before she left her berth at Brooklyn.

An attorney for the Sun Shipbuilding company was here today for the purpose of obtaining sworn statements from the crew. So far as could be learned, the agent failed, in every case, the explanation being given that the men had been warned to say nothing.

Master Refuses Statement
NEWPORT NEWS, Va., February 9.—(By the Associated Press.)—Captain William Lusti, master of the former army transport Northern Pacific, refused today to make a statement concerning the burning of the ship.

LOS ANGELES, CALIF., February 9.—(By the Associated Press.)—Nine men and two women were in the jury box temporarily today for the resumption of the trial of Madeline Olmstead, charged with the murder of J. Belton Kennedy. Ten members of the jury were eliminated as jurors yesterday, seven because they were opposed to the death penalty in cases of circumstantial evidence.

Empty Beer Into Sewer

Motives Of Societies Questioned

WASHINGTON, D. C., February 9.—(By the Associated Press.)—Secretary Hoover was understood today to have submitted to President Harding a report on the activities of certain Russian famine relief organizations in this country and their supposed connection with the Russian soviet government.
The report was understood to be the result of an extensive investigation by Mr. Hoover into the operation of a number of Russian relief societies operating in dependency of the American relief administration and its allied organizations. It was said to detail for the president's information the names of certain organizations which were not regarded as being directly interested in famine relief in Russia as much as in aiding the soviet authorities by their functions.
President Harding is expected to make public the report in order to inform the country as to the reliability of various organizations soliciting funds for famine relief in Russia.

WASHINGTON, D. C., February 9.—(By the Associated Press.)—Administration officials are undecided as yet as to suggestions that a veteran battleship of the fleet to be scrapped under the naval limitation treaty be sunk at sea with full military honors to symbolize ratification of the pact which will end competitive navy building among the five great naval powers.

States Mills Working
Superintendent McNulty, in charge of the plant, refused to make a statement, but said that work in the mill was being continued during the night and four hot mills were in operation. Intense interest was manifested by the strikers in persistent reports that officers of the United Mine Workers of America had taken up their cause and had asked Governor Davis, of Ohio, to order all armed guards except the sheriff's regular deputies taken away from the mills. They said there were fully 2,000 men working in the mills. (Continued on Page 14)

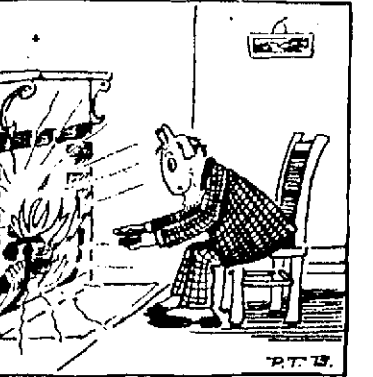

DEPUTIES PATROL THE STREETS OF YORKVILLE

YORKVILLE, O., February 9.—(By the Associated Press.)—Five powerful searchlights mounted on water towers and other high parts of the Yorkville plant of the Wheeling Steel Corporation swept the hills on each side of the Ohio river all last night. They also searched every road leading into the village for possible gatherings. The night passed quietly, after the action yesterday when one striker was killed and a sympathizer was wounded by shooting from within the mill.

Deputies Patrol Streets
Sheriff Edward Lucas, of Jefferson county, with his forty deputies, patrolled the streets of the town in the vicinity of the plant, but did not interfere with the little squads of strikers who throughout the night kept careful watch in the streets around the company's property. These pickets, usually an American and a foreigner, returned at intervals to the strikers' headquarters, a few hundred feet from the steel company's office in the principal street, to be refreshed by hot coffee after they had been in the cold night air. They appeared to be well organized and the leaders said that there were so many of them available that they were required to work in short relays.

She could eat anything

—without indigestion or sleeplessness

For a time she had been troubled with gas after her evening meal. The distress was most painful after eating potatoes or other starchy foods, of which she was very fond.

Then she started taking two cakes of Fleischmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank.

She found she could eat anything and sleep splendidly afterward.

Thousands of men and women are finding that Fleischmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juice. Appetite is always kept normal and you are protected against indigestion.

Add 2 to 3 cakes of Fleischmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer for Fleischmann's Yeast.

What Is Sin?

Sin is any wilful thought, word, deed or omission, against the law of God.

Original sin is not the only kind of sin. We ourselves can commit sin by breaking the known law of God, in thought, word, deed, or omission, and such sins are called actual or personal sins.

Those who die in mortal, that is, in grievous sin, are cast into hell for ever. Those who die in venial, that is, in lesser sins, suffer for a time in purgatory before they can go to heaven.

This Market Has Made Good

That the Columbus Cut Rate Meat Market, Gallia and Gay streets, has established itself as one of Portsmouth's most popular concerns, is shown by the liberal patronage being given the market by people in every section of this city. The market has enjoyed the confidence of the public from the opening day, because nothing but the highest grade and government inspected meat was offered for sale, and the additional fact that the manager, Paul Reupel, insisted that the "Cut Rate" part of the name should be religiously observed. From the very day the market opened, prices of meat went down, but the Columbus Cut Rate Market always manages to undersell. The price of lamb was sent down, down—down—the downward trend being initiated by the above concern. Manager Reupel is an experienced meat man—knowing the business from every possible view point. Practically his entire life has been devoted to this business and he is not only regarded as one of the best cutters in the country, but has surrounded himself with men who are likewise experienced, affable and accommodating. The Columbus Cut Rate Meat Market is located on one of the best corners in the city—the shop is neat in appearance and sanitary throughout. Free deliveries are made to all points in the city, and this makes it possible for all people to take advantage of the extremely low prices that always prevail at the shop. The business is constantly growing—new customers are being added daily—the reason being that the meat is absolutely the best to be had while the prices are much below all competitors. A visit to the market will convince you of all the above facts. Advertisement-11

THE ECONOMY BAKING POWDER

CALUMET

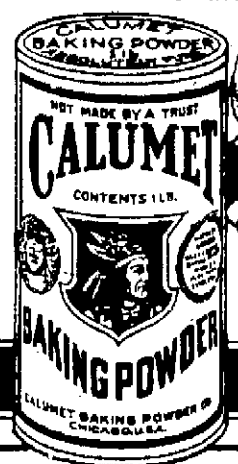

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants.

Best by test. A trial proves it.

The Law Says 16 oz. to a Pound

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

To Celebrate Scout Anniversary Sunday

It will undoubtedly surprise many people to learn how the Boy Scout Movement has won to its support the religious bodies of the United States. Practically all our great religious groups set around the birthday table of the Boy Scouts of America at its twelfth anniversary February 8.

The twelfth Scout law reads: "A Scout is reverent. He is reverent toward God. He is faithful in his religious duties and respects the convictions of others in matters of custom and religion." This law largely explains why men of all religious faiths can cooperate in the character building and citizenship training program of the organization.

The movement is only twelve years old and yet already has received the official endorsement of the leading religious organizations. More troops

are organized in connection with churches that any other institution and it is believed that almost every scout master is definitely affiliated with one or another religious organization.

Sunday, February 12 is Scout Sunday in Anniversary Week. And in many pulpits the movement will be the chief topic on that day.

GIRLS! LEMONS

WHITEN HANDS

Press the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy white complexion, because it doesn't irritate.

SOCIETY

The all day group meeting of representatives from the various missionary societies of the city, held yesterday at Trinity Church was unusually successful. The session convened at nine o'clock, with devotions offered by Mrs. Howard Sellars, district president, who also gave the address of welcome.

Mrs. Floyd C. Fuller, of Bigelow Church, district chairman of the Children's Work, gave a very interesting talk explaining the work of this important juvenile department.

Mrs. W. E. Mann of Trinity church, district secretary of the Young People's Work, also explained the nature of the department under her supervision.

A Parish Drama, "After May Days," was a pleasing feature of the morning session.

At twelve o'clock a buffet lunch was served in the dining room of the church by the women of Trinity church, places being marked for about fifty delegates. The dining room was beautifully decorated for the occasion with potted plants and hanging. The pulpit of the church was also decorated with ferns and bouquets of white chrysanthemums and white carnations. A large American flag was also used in the decorations.

The afternoon session opened at 1:30 with Mrs. Elsie M. Walker in charge. Just as she stepped forward to take charge of the meeting, a delegation of ten young ladies marched single file down the aisle to the front seats. They were introduced to the audience by Mrs. Walker as delegates from the Young People's Missionary Society of Bigelow M. E. Church and received hearty applause from the assembly.

The devotions were in charge of Rev. W. C. Millikan, pastor of Trinity church. The lesson given was taken from the Book of James, followed by prayer and the singing of the Mission hymn by the audience.

A reading, "Three Riders," was given by Mrs. Austin Chestnut. Seven characters were impersonated in the reading, which was given in a charming manner by Mrs. Chestnut, who is a teacher of dramatic expression.

Mrs. Walker then introduced the speaker of the afternoon, Mrs. I. D. Jones of Cincinnati, chairman of the National membership campaign. Mrs. Jones, who has visited many nations and entertained many notables in her own home, was perfectly at home with her subject, "America and Its Need of Missionary Work."

possessing a fine clear voice and a personality that commanded attention, Mrs. Jones gave her message to an audience who were not ready for her dismissal when the call came for her train to leave for Cincinnati. Those who were present received not only a lecture and a word of cheer, but a higher inspiration for the work she left them to do in local missionary organizations. As Mrs. Jones stepped from the pulpit she was presented with a beautiful bunch of white chrysanthemums and white carnations.

The closing number was a piano selection played by Mr. Harold Walker.

Miss Hazel Ruth of this city has returned from a visit to relatives in Sansonville, Jackson county.

GUNSIGHT PASS

by **WILLIAM MACLEOD RAINES**

Continued from Our Last Issue

He walked back toward the camp. From out of the chaparral a thin column of pale gray smoke was rising.

"Ready, Shorty?" he asked.

The squat man nodded assent and followed him over the summit into the valley beyond.

Brud Spelman sat hunched before a fire, head drooping low between his high, narrow shoulders. The restless black eyes in the dark hatched face were sunk deeper now than in the old days. In them was beginning to come the hunted look of the gray wolf he resembled.

Spelman sidled to the door and opened it cautiously. A man pushed in and closed the door.

"Did you come here to make trouble, Dug?"

"No, I came to collect a bill."

"So? Didn't know I owed you any money right now. How much is it?"

"A thousand dollars."

Brud shot a quick, sidelong look at him. "What's wrong now, Dug?"

The ex-foreman of the D Bar Lazy took his time to answer. He enjoyed the suspense under which his ally was held. "Why, I reckon nothing a-ill. Only that this mornin' I put a match to about a couple hundred thousand dollars belongin' to Crawford, Sanders and Hart."

Eagerly Spelman clutched his arm. "You did it, then?"

"Didn't I say I'd do it?" snapped Doble, irritably. "I've ever known me rue luck on a bargain?"

"Shorty with you?"

"He was, an' he wasn't. I did it while he wasn't lookin'. Shorty's got a soft spot in him. Game enough but with queer notions. Some time I'm liable to have to—"

Doble's sentence suspended in the air.

"What's wrong with him now, Dug?"

"Well, he's been wrong ever since I had to bump off Tim Harrigan. Talks about a fair break."

"What about that fire? Sure it got a good start?"

"I looked back from across the valley. It was a travellin' good."

"I'll get you the money first thing in the mornin'," promised Spelman.

Doble poured himself a large drink, and took it at a swallow. "I would, Brud."

Doble drank steadily throughout the night. He remained steady on his feet, growing uglier and more reckless every hour.

Tied to Doble because he dared not break away from him, Spelman's heavy brain began to plot a way to take advantage of this man's weakness for liquor.

"Of course I know, Dug, you're a better man than Sanders or Crawford either, but Malapi don't know it—yet."

"I'll show 'em!" cried the enraged bully.

"I'll bet you will. No man like you can make a fool outa Dug Doble, rattle the evidence to send him to the pen, snap his fingers at him, and on top of that steal his girl. That's what I told—"

Doble leaped across the table and caught in his grasp the wrist of Spelman. His bloodshot eyes glared into those of the man crouching.

"What girl?" he demanded hoarsely.

"Spelman looked blandly innocent. "Didn't you know, Dug? Maybe I oughtn't to 'a' mentioned it."

Fingers like ropes of steel tightened on the wrist.

"Don't do that, Dug! Em Crawford's girl."

"What about her and Sanders?"

"Why, he's courtin' her—didn't you know?"

"When did he begin?" Doble slammed a handlike fist on the table. "Spit it out, or I'll tear your arm off."

"CHAPTER XXI

A CARPENTER working on the roof of a derrick for Jackpot Number Six called down to his mate:

"Fire in the hills, looks like. I see smoke."

The contractor was an old-timer. He knew the danger of fire in the chaparral at this season of the year.

Crawford borrowed without permission of the owner the nearest saddle horse and put it to alope.

From the tower Hart descended swiftly. He gathered together all workers and equipped them with hoes, picks, brush-hooks, saws, and axes. To each one he gave also a gunnysack.

The foot party followed Crawford into the chaparral, making for the hills that led to Bear Canon. A wind was stirring, and as they topped a rise it struck hot on their cheeks. A thick ash fell from Bob's hand.

Crawford met them at the mouth of the canon.

"She's rip-parin', Bob! Got too big a start to heat it out. We'll clear a fire-break where the gulch narrows just above here and do our fightin' there."

The wind was stiffer now and the fury of the fire closer. The flames roared down the canon like a blast furnace. Driven back by the intense heat, the men retreated across the break and clung to their line. Already their lungs were sore from inhaling smoke and their throats were inflamed. A pine, its plucky trunk ablaze, crashed down across the fire-trail and caught in the fork of a tree.

SIXTY members of the Ladies' Aid Society of the First Evangelical church attended the monthly coffee social held at the church parlors yesterday afternoon. A short business session preceded the social hour. The women whose surnames, commencing with letters D, E, F, were the hostesses for the afternoon.

The members of the Friday Sewing Club are to note that the meeting date has been changed from Friday until Saturday afternoon of this week, with Mrs. Frank Adams, 1208 Baird avenue as hostess.

The meeting of the Central W. C. T. U. has been postponed until Saturday, February 12 when it will meet with Mrs. C. H. Wells, 817 Grimes avenue.

Mrs. James A. Kirby, who has been ill for the past few days at her home, 1218 Fourth street, is improving.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

"Nozzles for the hose," answered the fairy, touching his cap.

FOOTBALL stopped the funny little train at Dew Town and again they all got out.

"This is where the dew fairies live," explained Binkins, "and as they are very busy now, we must not disturb them. It is the very busiest time of year."

The Twins wondered what there was to be so busy about, dew being only tiny drips of water and easily scattered. Surely it wasn't any harder than sprinkling clothes for ironing.

But suddenly they heard a great hammering and on turning a corner they beheld an unusual sight, something they were not looking for at all.

Doble looked down the line of blackened grimy fire-fighters and his eye fell on Shorty. He was still wearing clumps, but his (rhinoceros) hat had succumbed long ago. Manifestly the man had been on the fighting line for some hours.

"Doesn't he know about the reward?"

"Yes. He was hidin' in Malapi when the call came for men. Says he's no quitter, whatever else he is. You bet he ain't. He's worth two of most men at this work. Soon as we got through he'll be on the dodge again. He's a good sport, anyhow. I'll say that for him."

"CHAPTER XXII

WHEN Shorty separated from Doble in Frio Canon he rode inconspicuously to a ranch where he could be snugly hidden from the public gaze and yet most in a few "pals" whom he could trust at least as long as he could keep his nose on them.

Shorty was an outlaw and a bad man. He had killed, and night at any time kill again. To save the Jackpot from destruction he would, but Shorty was a cattleman. He was loyal to the land that paid him. He stood by his pals, and he believed in and after his own fashion loved cattle and the life to which they were the central fact.

To destroy the range, feed wantonly was a crime so he refused that he could not believe Doble guilty of it. And yet—

He could not let the matter lie in doubt. He left the ranch and rode to Steadman's house.

"Where's Dug?" Shorty demanded of Steadman.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoon of this Hamburg tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at a time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

Dear Dolly—I am in love with a widower of 42, and I am 28. He comes to our place to see the boys and he goes out car riding with a girl and also goes to see her. How can I get him. Would you get some good friends to talk for me or write him a letter. I wrote him and he never answered the letter. Should I write him again. I sure would like to keep company with him.

BLACK EYES
I can't do anything for you, because I do not know either one of you. I do think, however, that you are too anxious to land him. Perhaps if you did not pay any attention to him he would like you better. Try the indifferent method and see how it works.

Dear Dolly—I got a divorce from my husband and the court gave me the custody of my little girl and also gave me alimony. Now I want my father to adopt my little girl and I was wondering if the alimony would still go on in case he adopts the baby. Who would I go to about having the baby adopted and how much would it cost?

MARY
If the court allowed you so much to raise the baby I don't think they would insist on your former husband paying it if your father was raising your child. If your father wants to keep the baby or help you raise it, you should let him do so, but I don't think it necessary for him to adopt her. Consult the probate judge about adopting the baby and also about the price.

Dear Dolly—Is it proper for a young lady to send her gentleman friend a valentine? PATTY
Sure, go ahead and send one.

Dear Dolly—I would like to know a name for a club of girls between 13 and 15 years of age. We intend to do knitting, crocheting and sewing.

BOBBED HAIR BLONDE
The Sewing Maids, The Knit-Way Club or The Needles and Nods. I don't answer questions like the last one you had in your letter in this department. People don't want their names mentioned in connection with such foolishness.

Dear Dolly—I am coming to you for a little advice. I am working in a grocery store and there is a girl comes in the store every day. She is a nice girl and very pretty. Dollie, I would like to go with this girl, but I am not very well acquainted with her. I would ask her to go to the show with me but I am afraid she will think I am too fast. Please tell me how I can gain her love, and in what way shall I ask her for her company without offending her.

Not so long ago a household investigator talked to housekeepers in New York's famous Park Avenue residential district. She found that many of the most exclusive families had adopted spreads for bread like Brednut.

For Progressive Housekeepers

A new food.

Smiles from your family.

Smiles for your pocketbook.

RECENTLY a noted foreign writer paid this high compliment to American women. He said, in effect: "American women are the quickest in the world to adopt new worthy ideas. Their eyes and minds are ever wide open on any subject; social relations, civic improvement, national and international politics."

Our writer should have added that American women are especially quick to adopt any new, worthy food idea. For American women do lead the world in their intelligent reception of food betterments.

Made from pasteurized milk and rich tropical nuts.

Can you imagine a more delightful combination than this: Pasteurized milk churned with the very cream of rich tropical nuts—nuts brought from luxuriant far-off islands?

No wonder children love Brednut. No wonder that the U. S. Department of Agriculture has issued special bulletins about foods like Brednut. In these bulletins you will find such important facts as these:

This class of foods is highly digestible. They have very high energy value—something like 3500 calories to the pound.

Husbands, too, comment on Brednut as a delicious new

The women of Michigan recently gave an outstanding example of this characteristic. Only a few months ago they were introduced to Brednut, the new spread for bread. Such a hearty welcome did they give this wholesome food that it was hard to keep up with orders.

But now we have caught up and you, too, can try Brednut. When you learn the following inviting facts we know that you will not lag behind Michigan housekeepers in using and asking your neighbors to use this delightful new spread for bread.

addition to the family table—a welcome new subtraction from the family expense.

Brednut is made under careful supervision; made in rooms of spotless white cleanliness. Brednut comes to you fresh from these perfect surroundings—uncolored—a pure white. With wholesome vegetable material which your grocer gives you, you can quickly color your Brednut to a rich, golden yellow.

••Brednut, sweet, fresh and wholesome, now awaits you at your grocer's. To introduce you and your family to Brednut he will make two remarkable offers. See the details of these offers below:

Special Introductory Offer
for 10 days only
Brednut at 22c per pound

Ask your grocer to-day for the special introductory coupon entitling you to a pound of Brednut at the special price of 22c. Only one coupon to a family. We can't remember that any housekeeper ever asked to take advantage of the Brednut money-back guarantee. But it's there just the same—without a single reservation.

Save Your Brednut Cartons
A pound free for every 5 cartons
This offer good until March 18th

In addition to the special offer on your first pound of Brednut your grocer will give you a pound free for every 5 cartons you return to him. In other words, 6 pounds for the price of 5. Whatever price you pay, the free extra pound brings down the average cost to approximately 23c per pound.

Delightful Brednut Sandwiches

Try them!

Brednut Toasted Chicken Sandwich!

Toast the slices of bread then spread with Brednut. Cover one slice with lettuce, the other with sliced chicken and place together. Notice what a delicate flavor Brednut gives to this sandwich.

Brednut, Cream Cheese and Pimiento Sandwich

Spread slices of bread with Brednut. Cream a cake of cream cheese with a fork until it becomes soft enough to spread easily. Add chopped pimientos to taste and spread between bread. Notice how well your Brednut spreads.

MAN CLAIMING TO BE A PREACHER IS HELD ON A SERIOUS CHARGE

William Hughes, 47, claiming to be a Holy Roller preacher, was arrested Wednesday afternoon by New Boston constables at his home on Pine Creek and brought before Judge Morgan to answer to a charge of criminal assault upon Nellie Adkins, 16 year old girl, who, it was claimed, has been living at the Hughes home for some time.

The defendant denied guilt when he was brought into court, and by consent of the court the charge was changed to the less serious offense of adultery, and in the preliminary hearing which followed, the accused acted as his own attorney. The examination resulted in the court holding Hughes for grand jury action

under \$500 bond, which he furnished and was released from custody. The complaint was filed by Mrs. Lizzie Mullins, and suspicious circumstances disclosed by the evidence in respect to undue familiarity between the accused and girl led the court to hold the defendant to answer to the higher court.

Schroeder Badly Hurt

Motorcycle Policeman Stanley Schroeder injured Wednesday afternoon when his motorcycle turned over with him several times on the river grade at the foot of Union street near the upper ferry landing suffered a broken left shoulder blade, serious bruises about the ribs and back and cuts about the face. He was in a semi-conscious condition for several hours Wednesday afternoon and evening.

From the scene of the accident he was removed to Virgil Fowler's X-ray laboratory where an X-ray discloses the broken shoulder blade. He complained of severe pains when he breathed and it was thought that several ribs were broken but an X-ray showed the side to be only badly bruised. Later he was removed to his home 1116 Ninth street where Dr. Ira Martin attended him.

Some months ago Schroeder was held up several weeks with a broken hip sustained in a motorcycle accident on Waller street.

May Mean Erection Of Grain Elevator

At a luncheon and meeting of farmers from the county held at the Washington Hotel Wednesday, the plan of co-operative marketing of grain was discussed in detail. Director of Marketing J. M. Ketter of Columbus was present and explained how this was done in northern Ohio counties. E. E. Barnes, Soils Specialist, Columbus, was also present.

The forming of a co-operative grain marketing organization means the erection of a grain elevator here or some other point in the county. Several names were suggested for a committee of three to visit northern Ohio counties for an inspection of co-operative grain elevators. County Agents Walter P. Gahn and two other men will form this committee. They are to make the trip in three weeks when another meeting will be held at which time they will report on the inspection trip. An organization will be formed probably at this time.

These persons, yesterday were George Davis, Arthur and James Bannion, Robert Richardson, F. W. Moulton, Howard Williamson, Charles Ault, Otto Zoehrer, Dr. J. N. Thomas, Henry Ruel, John Rupp, W. G. Cole and W. F. Gahn.

Child Cries With Toothache; Would-Be Burglar Is Balked

The cries of a child suffering with toothache frightened away a would-be burglar at the Leslie Kidenour home and grocery 710 Findlay street, Wednesday morning.

Mr. Kidenour had been up and about his home administering to his boy who had the toothache. He returned to bed but was not yet asleep when his attention was attracted to the rear window of his home, pieces of glass fall-

ing telling him that there was a prowler about. Mr. Kidenour went to the rear of the house and on looking out noticed a man working at a rear window of the store room of his grocery. He went into the store and called the police but before they arrived the child started to cry again with the toothache and the burglar bent a swift retreat. Footprints were found in the backyard and at the broken window.

NEVER FORGET

When you feel hopeless and despair, ever getting back your health, there is one medicine that you should try before giving up altogether. Bulgaria, an Elmer Tea, assists nature to push the poison-saturated kidney, stir the liver, gently move the bowels and purify the system. And when you take it, you feel better, and breaks up a bad cold and quells influenza, pneumonia or other sickness. Why not ask your druggist or grocer for a trial box today? Advertisement.

Carrier Ralph Kapp is off duty, the result of a sprained ankle he suffered in a fall while delivering mail in East Portsmouth yesterday. Russell Gilbert, a special messenger, is a grip victim. Carrier John McMahon is recovering from an operation for hernia. Carrier Berry Bellamy has recovered from an attack of acute tonsillitis and is now ill with kidney trouble. C. L. Wasson, one of the truck drivers, is laid up with a sprained back, the result of lifting a heavy sack of mail. Clerk Harold Schneider is in the clutches of the demon grip. Only Powerful Medicine Will End Rheumatism

Rheuma, a Physician's Prescription, Contains No Narcotics—Harmless—and the One Remedy That Has Forced Rheumatism To Disappear.

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twinges for 20 weeks. Rheuma is strong enough and mighty and powerful enough to drive, rheumatic poisons from your body and abolish all misery or money back.

Wuster Bros' and all druggists are authorized to sell Rheuma on a no-cure no-pay basis. A large bottle is inexpensive, and after you take the small dose as directed once a day for two days you should know that at last you have obtained a remedy that will conquer rheumatism.

For over ten years throughout America Rheuma has released thousands from agony, pain and despair. This is what it did for one sufferer. It should do as much for you:

"After a long time I found something to cure me of rheumatism. Less than one bottle of Rheuma relieved me of my trouble, and now I am without pain for the first time in eight years. I was so bad that I could not get up without pulling myself up with my hands, and could not get out of bed without rolling out. The trouble was all in my back."—I. N. Love Letters

(Continued from Page One)

Tuesday, has been quoted as saying her only desire to regain possession of the letters was founded on a fear that some of the phrases in them would be misunderstood. She said she felt a strong friendship for the director, but there had been no serious love affair between them.

Noter Handkerchief In Case

A second handkerchief found his way into the investigation when, about the same time the detectives said they found the letters in a box in a closet in the Taylor apartments, Henry Peavoy, Taylor's negro houseman, as suddenly found a handkerchief bearing the initials "M. M. M."

A handkerchief previously reported found near the body shortly after the murder was discovered but since said to be missing, was alleged to have borne the letter "S". It is regarded as improbable that a complaint charging murder will be issued against any person in connection with this case until after the whole affair has been presented to the county grand jury, which has not yet been impaneled for 1922.

Meantime, although the sheriff's deputies profess to scold the theory that Edward F. Sands, former butler-secretary for Taylor, could throw any light on the case, the police detectives remain firm in their announced belief the mystery will not be solved until he has been found.

Suspect May Be Ohioan

COLEMBUS, O., February 9.—(By the Associated Press)—State-ment from the navy department at Washington that descriptions of Edward Fitzgerald Snyder, naval deserter, formerly of Marion, Ohio, showed similarity to those of Edward F. Sands, sought in connection with the murder of William D. Taylor, Hollywood, California, motion picture director, yesterday extended the ramification of the case in Ohio.

At Marion, Murray T. Snyder, telephone office manager, expressed belief that his son, Edward Fitzgerald Snyder, could not be the man known as Sands. Mr. Snyder, however, said that his son had enlisted in the navy at Cincinnati in September, 1921, and that he had received notification that he had deserted at Great Lakes Training Station April 2, 1922. Both of these dates tally with data furnished by the navy department.

Believed Him Dead

Snyder said he had not seen his son since 1920 and had believed him dead since 1921 until about three months ago when he received a telegram from him in Cleveland. Whether the son had been in California since that time or whether he had any connection with Taylor, Mr. Snyder was unable to say. Descriptions of Sands, which he had read in newspapers, Snyder said, had struck him as being somewhat similar to his son's appearance.

New Angle To Question

Another angle of the identity question was furnished by army officers at Columbus barracks. They professed to see similarity between the navy department descriptions of Snyder, the newspaper descriptions of Sands and the appearance of Edward Fitz Strathmore, a former soldier there. Strathmore, they said, had enlisted in the army May 22, 1919, more than a month after Snyder, then using the name of Edward F. Strathmore, had deserted from the navy at the Great Lakes station.

Keep Eye On Steamship Lines

SAN FRANCISCO, February 9.—(By the Associated Press)—Police authorities here are keeping a close check on steamship passengers leaving this port to frustrate, they said, any attempt on the part of Edward Sands, former butler of William Desmond Taylor, the murdered Los Angeles film director, to escape across the Pacific. Authorities believe he may attempt to get to the Far East by steamer from San Francisco.

There have been no developments in the search for a reputed brother of Sands, reported to have moved from Los Angeles to San Rafael, Cal., recently.

MRS. ROBINSON TAKES DRUGGIST'S ADVICE

And Is Quickly Restored to Health By Vinol

Petersburg, Ill.—"I was in a weak run-down condition and had very poor blood, and was not able to work much of the time. My druggist advised me to take Vinol. I did so and it has restored my strength and I have gained weight. I think Vinol is a wonderful medicine for such conditions."—Mrs. L. R. Robinson, Petersburg, Ill.

Vinol owes its success in such cases to the tissue-building and nutritive elements of fresh cod-livers without oil, added by the blood and strength-creating elements of tonic iron and beef peptones, which it contains. Thus in a natural manner it creates a healthy appetite, aids digestion and makes rich red blood. It is only \$1.00 per bottle and guaranteed.—Advertisement.

CLEVELAND, O., February 9.—(By the Associated Press)—George J. Radcliffe, 52, general manager of the Cleveland Railway Company, died here and one of the best known traction men in the country, died here today following a three months' illness.

Foul Play

(Continued from Page One)

Ship, destroyed by fire yesterday morning off the Delaware break-water, early today emphatically declined to make any statement regarding the disaster which cost the lives of four men, employees of the Sun Shipyard of Chester, Pa.

"The shipping board regulations are very strict. I am very sorry, I am unable to make any statement whatsoever," said Captain Lash.

The steamship Transportation, which docked here early today brought with it 22 survivors of the Northern Pacific, all of the ill-fated steamer's skeleton crew except the four men believed to have been lost, were taken on the board by the steamship Wylie, now lying at Old Point Comfort dock.

Describes Rescue of Crew

Captain Seth Chase, master of the Transportation, described the rescue of survivors from the proud Northern Pacific.

"The sea was very rough," he said, "but we did not have great difficulty in picking up the three boats. Another steamer had seen the blaze and responded, picking up one boat with five men. When we first sighted the Northern Pacific she was in flames from end to end. We made haste to her as soon as possible. The life boats were floating about when we reached the scene."

Some of the men who had been on the burning ship declared the flames were first observed just off the second funnel. No one seemed to know how the fire started, but with the stern windward the fire spread quickly and all hands were forced to take to the boats very quickly.

Four of the Men Missing

Captain Chase said his vessel first sighted the Northern Pacific about

one o'clock yesterday morning and took the first boat in about 2:30. The rescue work was completed at 3:20 and the Transportation stood by until 9 o'clock yesterday morning, at which time the Northern Pacific, listing about thirty degrees to starboard, was still afloat.

No one on the Transportation early today held out any hope for the four men of the Sun Shipyard, who were aboard the Northern Pacific.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics does without any of the bad after effect.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without any of the bad after effect.

Dr. Edwards discovered the formula after seventeen years of practice, and there was no possibility of an agreement. They reported that they stood seven for acupunctured and five for conviction.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. One and one-half.

The ostriches of South America have three toes; those of Africa only two.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Healed Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mocha-Sulphur and in treatment shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it, itching begins. Only those who have had unsightly skin trouble can know the delight this Mocha-Sulphur brings. Even itching, itching eczema is healed next day.

Get a small jar from any good druggist and use it like cold cream, anointing it.

FAYETTEVILLE, W. VA., Feb. 9.—(By the Associated Press)—The jury in the case of Walter C. Routine, on trial for ten days in connection with the dynamiting of a coal company station at Williamsburg, during a strike a year ago, was discharged this morning, sixty-five hours after the case was given into his hands.

The jurors told Judge J. W. Eary, that there was no possibility of an agreement. They reported that they stood seven for acupunctured and five for conviction.

Make Every Meal A Perfect Feast

Tanlac Makes Each Bite a New Delight.

WHEN your digestive system is working effectively and smoothly, extracting from your food abundant stores of vital energy and piling up a reserve force of vigor to meet any emergency, every bite is eaten with keen zest and appreciation. If your meals are not a real event, if you do not approach the table with the most lively anticipation of energetic action of all the bowel muscles and glands and enables the food to pass through the digestive canal in the normal time. Each of the thousand little glands whose duty it is to pick up nourishment from the food and send this to all parts of the body are stimulated to their utmost.

The whole result is that food is taken care of without distress of any sort in such manner as to derive the utmost benefit from it.

If your appetite is not keen, if your food seems to disagree with you, if you are underweight, nervous, irritable and lack energy, give Tanlac the chance to show you that it can work a miracle in your condition, as it has in so many thousands of other cases.

If you are despondent, gloomy, with little taste for

its delights, then you are only half-living, because you are only half getting the value of your food.

Lack of appetite, or distress from indulging the appetite, are both due to the same cause—lack of the digestive system to properly do its important work. The undigested food remaining in the alimentary canal may merely cause a distaste for more food when it cannot take care of what it has, or it may undergo chemical and putrefaction changes that cause acute disease.

Besides, these chemical changes produce poisonous substances that are carried to every cell and organ of the body and that cause all sorts of distressing symptoms.

Tanlac, the famous digestive tonic, and body builder, has achieved its wide success because it is able to invigorate the entire digestive tract.

It acts to cause vigorous stomach preparation of the food, both through the muscular churning action of that organ and through ample secretion of digestive fluids. It then promotes and enjoyment of life, try Tanlac and no doubt you will see the clouds of gloom roll away under the sunshine of health.

You are entitled to be healthy, vigorous, efficient and happy. Give yourself the chance to become so as thousands of others have, by taking Tanlac.

Get Tanlac from your druggist this very day. Why wait for tomorrow when Tanlac—and health—await you today?

Sold in Portsmouth by Fisher & Streich Pharmacy and by leading druggists everywhere.

War Declared; Rats And Birds Beware

Scioto Valley Grange member have made a declaration of war on rats, English sparrows, crows and hawks. A committee was appointed in January to make rules and regulations to govern a rat drive.

This is the report of the committee: Worthy Master—Your committee on the rat, English sparrow, crow and hawk drive begs leave to submit the following report:

Whereas, the rat, English sparrow, crow and hawk does millions of dollars damage each year to the farmer, be it resolved, that Scioto Valley Grange, No. 1723, declare war on these nuisances and pests that do so much damage to the farmer.

Therefore, we recommend that the Grange be divided into two groups, starting at the Innesville river

bridge, following the river road to Lucasville then on a straight line to Nancy Chapel. All the members of this line shall be group one and all the members north of this line shall be group two.

Group one's name shall be Rat Terriers.

Group two's name shall be Tom Cats.

Chas. Hancock is captain of the Rat Terriers and Jno. Allen is captain of the Tom Cats.

The tails and scalps will be counted at each regular meeting.

The contest shall extend from February 1 to April 1.

The losing side shall banquet the winners the second Saturday night in April.

The master, lecturers, secretaries of the subordinate grange of the county has a conference with county officers Saturday, February 11, 12:30 p. m., at the Scioto County Fair Bureau headquarters, Portsmouth.

This is the golden jubilee year. The grange has 700 members in the county. It only takes a few more to entitle this county to two delegates instead of one to the state grange. Adams, Pike and Jackson have two or more delegates.

The subject of taxation will be taken up at this meeting.

"Gets-It"
For Corns
Costs Little

If so-called corn "cures" have only made your feet more sore and tender,

don't despair. For instant, complete, permanent relief is guaranteed by the new method. A few drops of "Gets-It" removes any old or new, hard or soft corn from any foot. It peels off in your fingers. Costs but a trifle—everywhere. Recommended by all druggists. E. Lawrence & Co., Mfg. Chicago.

Dies Suddenly

HUNTINGTON, Feb. 9.—Miles M. Jevins, 61, deputy sheriff, and one of the city's early settlers, died suddenly today of heart failure in the office of Circuit Clerk George R. Seamonds in the court house.

Apparently in his usual health, the veteran officer had just conducted two prisoners, Adam and Henry Metz, from the court of Magistrate A. A. Sby to the office of Circuit Clerk Seamonds, where they were intruding to give bond. He stooped forward a chair for one of his prisoners to sit down when he suddenly swooned and fell to the floor. Death was almost instantaneous.

New Manager

HUNTINGTON, Feb. 9.—Announcement was made yesterday of the appointment of R. J. Hurt as manager of the Huntington branch of Armour & Co. He succeeds S. L. Richardson, who has been transferred. Mr. Hurt formerly was assistant manager of the Charleston branch of Armour & Co.

Bad News To The
New York Bootleggers

NEW YORK, Feb. 9.—Bob McAllister, the New York policeman, holds today the Metropolitan A. A. U. 100 yards championship by virtue of his victory over Jerome Webers, Jr., at last night's Sannaciar A. A. games. He thus becomes the fourth famous athlete furnished by "the finest."

McAllister made the 100 yards in ten seconds flat, one-fifth of a second slower than the world's indoor record.

"A Novel Suggestion—Colored
Linen Guest Towels

Direct from New York comes the idea of colored linen guest towels, and to prove to you how truly dainty they are we shall be glad to show you the finished article.

It is colored linen, one-half yard wide with a deep hem and a wide band of fillet at one end and a narrow matching band at the other and the edges picoté.

One-half yard wide means that you may make two towels of one yard of our all pure linen at \$1 per yard.

Can't you picture the effect—a dainty boudoir, prettily hangings and towels of the predominating color hanging from the rack—isn't it a fascinating idea?

And best of all, as the time grows short—it will take you not more than a half hour to make one.

Come in and choose from our colorful array of linens.

"French Finish" linen at \$1.00 is the fabric used. Colors are Tan, Copen, Pink, Rose, Gold and Lavender.

STILL FOUND; NO ARREST IS MADE

The most complete moonshine still ever discovered in Lawrence county, O., is said to have been seized yesterday afternoon by federal prohibition agents and county authorities in a raid on the farm of John Thacker, near Proctorville. The still, a twenty-gallon, copper affair, is said to have been of the most improved design. Two gallons of moonshine whiskey and two barrels of corn mash also were confiscated. It was reported.

The raid was made by five federal prohibition agents sent out from Columbus, O., to cooperate with Sheriff Clement of Tronon, in ridding Lawrence county of moonshiners. Sheriff Dement and Constables Hicks and DeJone assisted the federal officers in conducting the raid.

No arrest was made. The officers stated.

THE MARKETS

NEW YORK STOCKS
NEW YORK, Feb. 9.—The further
buoyant advance of leading foreign

MAGNESIA FINE FOR ACID STOMACH

Quickly Neutralizes Acidity, Stops Fermentation, Sweetens the Stomach

Some people in ten, when food upsets the stomach, causing distress, think they have indigestion. In reality they are suffering from "acid stomach." A excess of acid in the stomach causes gas, heartburn, bloating, and nervousness. To have a strong healthy stomach, capable of easily and normally digesting three hearty meals a day, you simply must keep these stomach acids neutralized and the stomach contents sweet. No artificial digestants are necessary. Just get a few ounces of Bismuth Magnesia from any good drug store and take a teaspoonful of the powder or two tablets in a half glass of water right after eating, or whenever the slightest pain is felt. The result is amazing and you will be delighted with the almost instant relief it brings. This famous stomach sweetener combines Magnesia and Bismuth in desirable proportions and is not only extremely effective but perfectly harmless. It is regular use keeps the stomach sweet, strong and healthy all the time. Bismuth Magnesia is well known to doctors everywhere and is recommended by more than a half million people who now eat as they please, in peace with no more fear of indigestion. Advertisement.

WASHINGTON, Feb. 9. (By the Associated Press.)—The American Embassy staff in Brussels has gone house hunting. It was disclosed today at the state department. The building formerly occupied by Ambassador Brand Whitlock as his home and the office of the embassy was recently sold by its Belgian owner and the purchaser is demanding possession before the arrival of Henry P. Mr. Fletcher said today he had been advised by Craig Wadsworth, American charge d'affaires, that housing conditions in Brussels were quite as bad if not worse than in the United States and that the matter of finding a suitable residence was one to tax the ingenuity of a master of legendism or even of a diplomat. He was instructed to use every available engine in the search for suitable new quarters.

THIN, FLAT HAIR

GROWS LONG, THICK AND ABUNDANT

"During the past few months, only 25 cents a bottle. One application ends all dandruff, itching and falling hair, and in a few moments you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous and easy to manage. But what will please you most will be after a few weeks use, when you see new hair—fine and downy—at first—yes—but really new hair growing all over the scalp. 'Dandruff' is to the hair what fresh snow is to the ground. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick heavy and luxuriant—advertising."

WALTER JOHNSON SAYS LEFT HAND HITTERS ARE TROUBLESOME TO MANY HIGH CLASS PITCHERS

Johnson Has Unique Idea
On Batting; Gives Reasons

BY WALTER JOHNSON
Do you prefer pitching to right or left-handed batters?

If a fellow is a good batter, he is a hard man to fool whether he is a right hander or left hander.

I don't believe it makes much difference with me. If they are rated as good hitters I work equally hard on them, regardless of which side of the plate they bat from.

The greatest trouble with most pitchers is that they grow careless when facing some batter who is supposed to be a weak hitter.

Very often an ordinary batter paces far more troublesome than the crack left or right hander, simply because the pitcher treats him with a sliver of indifference.

It has always seemed to me that most of the good left handed batters try to do more at the plate than the good right handers.

By that I mean the left hander thinks more of trying to place the ball, hunting when you least expect it, or waiting you out, to a far greater extent than the right hander.

What I want to say is that the left hander, while not harder to fool than the right hander, has a tendency to play a little more baseball in an effort to outguess the pitcher.

The fact that a left hander has a start to first on the right hander is, probably, what causes most of them to resort to the brute more than the right hander.

"What batter makes the most trouble for me?"

That is rather hard to answer, because there are a lot of good hitters in the American League, and most of them have made plenty of trouble for me.

Jack Fournier, formerly with the White Sox and now with the St. Louis Cardinals, always increased his batting average at my expense.

Duffy Lewis, Tris Speaker, Derrill Pratt, Eddie Collins and Frank Baker are a few others who always made my staff.

Match Game

The same bowling teams representing the Selby League and Masonic League that rolled last Saturday night on the Selby alleys when the Selby five won, will meet again Saturday night on the Play House alleys. The Masonic are working out to get in shape for the state bowling tournament at Columbus.

Top Off Training

For Friday's Battle

NEW YORK, Feb. 9.—Henry Leonard, lightweight champion, and Rocky Kansas, challenger, today finished training for their 15 round title bout in Madison Square Garden tomorrow night.

The champion weighed in at a fraction over 136 pounds when he started his final day's work, and it was announced at his training quarters that he would be at the 135 pound light weight limit at 2 o'clock tomorrow afternoon.

Under the rules the title will be at stake as long as the challenger makes the weight. Should Kansas weigh in at 135 pounds and defeat the champion, even though the latter were above weight, he would win the title. Should both be above weight the title will not be involved.

BLOOMINGTON, Ind., Feb. 9.—Two more men have been added to the personnel of the Indiana university football coaching staff.

Highlights In American League Schedule

"Play Ball!" will be the cry around the American league circuit on April 12, according to the official schedule of the Johnson organization made public Thursday.

The schedule provides for 154 games, or a series of 22 games each of the eight teams, and the only conflicts with the National league will be at Chicago on July 1 and 2 and Sept. 10 when the White Sox and Cubs will both be playing on their home lots.

In the opening the St. Louis Browns

will meet the White Sox in the Windy City, and the Detroit Tigers are slated to battle Tris Speaker and the Washington Senators will clash with the Yankees in the nation's capital and Philadelphia will oppose the Red Sox in Boston.

In the matter of holiday assignments the White Sox will perform at Cleveland on Decoration Day, but play at home on July 4 and Labor Day, having the Browns as opponents on Independence Day and the Tigers on the day the sons of toil celebrate.

The Browns will entertain the Tigers on Memorial Day and Cleveland on Labor Day, while the Indians and Tigers will clash in the City at Strains on July 4. Washington will play at Boston on Memorial Day, but will entertain the Red Sox at Washington on July 4 and the Mackmen on Labor Day.

The Yankees will have the Philadelphia as guests on Memorial Day, and the same teams will be opponents on July 4 in Philadelphia, and the Red Sox and Huggins' crew will clash in New York on Labor Day.

Brains Plus Ability Make Star Pitcher

By BILLY EVANS

WHO is the smartest pitcher in the American League?

There are a lot of pitchers in both major leagues who use their head as well as their arm. Recently I asked Nick Altrock, a great pitcher in his day, which pitcher worked most intelligently in the American League.

I figured that query would make Nick do some real thinking, but almost before I had finished he answered:

"Sam Jones is the wisest guy in the American League."

For a moment Nick had me on the ropes. After weighing the question I came to the conclusion that Nick knows something besides clowning.

Sam Jones is one of the best pitchers the game has ever produced. He has everything, including a good head. There is a reason for every ball he pitches. Sam Jones is something besides a mere thrower.

Jones has progressed slowly. His rise has been so gradual that it has escaped a lot of publicity a fellow gets who has greatness thrust on him over night.

Jones is at the top of his game right now. He should be a tough fellow to beat this season with the New York club backing up his pitching with real stugging.

Carrigan Was Right

The success that Jones has achieved calls to mind a conversation I had with Bill Carrigan a number of years ago. Carrigan was then managing the Boston club.

A trade had been made with Cleveland whereby the Indians secured Speaker, the big star of the Boston club. In return the Red Sox secured Pitcher Sam Jones and a recruit infielder and a lot of money.

The trade was the laugh of the baseball world as far as talent was concerned. One of the things that Carrigan insisted on was that Boston secure Sam Jones as one of the players. Jones was then an unknown youngster. Most of the critics were surprised over Carrigan's insistence on Jones.

Early in the spring I mentioned this fact to Carrigan. He merely laughed and replied:

Jones Has Made Good

"Jones should be a great pitcher. He has a fine delivery and a good curve ball. When he knows how to pitch, he should soon learn as he is a bright fellow, he is going to win a lot of ball games. Some day he will be as valuable as Speaker."

Bill Carrigan certainly was a wise guy. Jones has fulfilled his prophecy and then some.

It was interesting for me to read an interview that Carl Mays, one of the game's greatest pitchers, gave on the art of fooling the batter.

Here is the compliment Mays paid Jones:

"Sam Jones is as good a pitcher as there is in baseball. He has nerve, brains and control. Those things make a great pitcher. Mathewson was great because he had all three."

Many color blind persons are experts at matching colors.

No Deals Completed At Meet

WASHINGTON, Feb. 9.—The outstanding result today of the annual schedule meeting of the American league club owners and officials here was the definite abandonment of the negotiations between the New York and Detroit clubs whereby the former sought to secure the services of Outfielder Veach in exchange for some infield material desired by the Tigers.

Manager Cobb, of the Detroit club, announced after adjournment of the

league meeting yesterday that the deal had fallen through because New York declined to consider any exchange involving Shortstop Scott, and Detroit would not give up Veach for any other Yankee player. The Detroit manager then was said to have failed in an attempt to interest President Frazee, of the Boston Club in a deal for Infielder Dugan.

Frazee, it was reported, informed Cobb that he would not release Dugan for any consideration.

Times Pin Bouncers Win

Sweet revenge was obtained by the Times bowlers Wednesday afternoon when they rolled the second of a series of three games with the Morning Sun bowlers on the Club alleys.

Last week the Sun gang won by the narrow margin of about 25 pins, while the Times yesterday won by a margin of 86 pins.

The "star" of the afternoon was "Hub" Hewitt, who finished with a total of 497, which is very good in a scrub game such as was played yesterday. The Sun bowlers have been taking hours of practice, but their effort went for naught yesterday, for the Times gang was out to win, and win they did.

Morgan was high man for the losers, getting a total of 383. The weak man of the contest was McNay, who came through with the "big" total of 283. That score is big for McNay.

The Times gang bowled consistently and therefore won, although they do admit that Hewitt's victory was a big help towards annexing victory.

Next Wednesday afternoon, on the Pennant alleys, at 3:30 o'clock, the third game of the series will be rolled. Yesterday's results:

Games This Week

Thursday: Court House vs. Trinity Cubs at high school, umpire Rev. R. J. Cartwright.
Friday: Ministers vs. United Brethren at Moose hall, umpire Max Erturth.

The United Brethren gave the Bankers their biggest surprise of the season last night when they won two straight from them after the Bankers had taken comfortable leads in both games. The third game, as well as the others, was forfeited when the Bankers used Broadbeck, a regular player on the N. & W. team of the Buckeye League.

The first game was a nip and tuck affair, the Bankers taking the lead early in the game, only to give away a little later to the church six who kept the lead and won. In the second game the Bankers took on new life and started like a house afire, running up eleven points before the U. B.'s got a start. The U. B.'s got a good start, with Reinhardt serving about eight straight. That gave the church team new life and they fought hard, winning out 21 to 14, much to the surprise of the Bankers, who thought themselves almost invincible. In the last game the Bankers gave another battle, the U. B.'s getting 18 points, while the Bankers got 14. The Bankers then forged ahead and took the game 21 to 18, a close shave to say the least. The Bankers have been losing to all the teams in the last two weeks and are slated to move out of first place. The lineup:

United Brethren: Marlon Prosch captain, Ernest Schusky, C. Southworth, Fred Breese, Orville Morris, Albert Reinhardt.

Bankers: Robt. McNamara captain, Roy Erturth, Albert Uhl, C. W. Hopkins, John Brumby, Walter Broadbeck.

Games This Week

Thursday: Selby Cubs vs. Phi Psi.
Friday: Bigwheels vs. Christian Vets at Wilhelm hall.
High School Faculty vs. Selby Vets at high school, umpire Rex Selby.
Saturday: Selby Cubs vs. Selby Leaders at 1:15 p. m.

With only four men, the High School Faculty, after losing the first game 21-10, took the other two from the Selby and Christian Vets. The winning of the match was due to the net work of McCoombs and Eccles, both of whom killed and placed the ball in great shape, and to the field work of Prof. Appel, who played a great backfield game. Goltz and Ladd played great games at net for the Leaders, with Peterson and G. Winebrenner doing the passing work.

High School Faculty: Prof. Eccles captain, Coach McCoombs, Prof. Appel and Russell.

Selby Leaders: Stewart captain, Goltz, Ladd, Rollins, Peterson and G. Winebrenner.

Games This Week

Thursday: N. and W. vs. Seventy Six.
Friday: Clemans vs. Standard Supply.
Saturday: Seventy Six vs. Times at 1:30; Burroughs vs. Underwoods at 2:30.

In three desperately fought games, with every one in doubt, the last while, the Underwoods moved up a notch by taking three straight from the Times 21-16, 21-16 and 21-19. The Times, fighting and game to the last, all but captured the final game, tying the score at 19-19. McCure was the light and shining star of his team, excelling them all in both killing, fielding and placing "em where they ain't." Williams did a pile of killing, too, while Pratt started at field work, besides making a serve of 9. Staten was the star for the Underwoods, both in fielding and serving. Captain Hopkins played a great field game, while Millard killed them as per usual.

Underwoods: Wm. Hopkins captain, Wm. Quinn, C. C. Candill, Geo. Galt, Pearl Millstead, W. Staten, Alfred Millard.

Times: O. R. McCure captain, Williams, Wohler, Hollbrook, Pratt, Mitchell.

VOLIVIA'S IDEA

WLBUR GLENN VOLIVIA, successor of John Alexander Dowie, who believed that he had inherited the mantle of Elijah, although it was not popularly considered a very good fit, announces a brand new arrangement of the universe that at least possesses the merit of complete originality and is much simpler than Mr. Einstein's theory. One of the cardinal points of the Volivia creed has always been that the world is not "round like an orange and slightly flattened at the poles," as we were taught at school, but flat as a pancake. He now kindly elaborates his theory with more detail. The sky is "a vast dome of solid material, from which the sun, moon and stars are hung like chandeliers from a ceiling. The edges of the dome rest on the wall of ice which surrounds the flat world." As for the sun, its size, it would appear, has been vastly exaggerated. It is only forty miles in diameter and 3,000 miles from the earth. Since, it is said, Mr. Volivia has made several thousand converts to his belief, why should surprise be expressed when a man in Boston, for instance, offers several hundred per cent interest on money deposited in his care and is overwhelmed by the multitude of acceptances? Or when people can be found in large numbers to believe in any system of thought economic, religious, hygienic, provided it is sufficiently opposed to the generally received opinion? Mr. Volivia's astronomical researches have not as yet led to the promulgation of the theory that the moon is composed of green cheese, but if he should later make such an announcement who would say that he would not find many who share his belief? Statisticians formerly estimated the birth rate of this class of individuals at one per minute, but it sometimes seems as though they had not made it nearly high enough.

CLASSIFICATION OF CARS

In actual use there may be a hundred varieties of automobiles to which, for many obvious reasons, it would be impossible to give a name. Strictly speaking, anything that runs of its own power, or of self-contained power, is an automobile, yet there are many self-propelled vehicles that might be put in other classifications. The Society of Automobile Engineers has divided motor cars into fourteen types. In an arbitrary sense, however, there are only nine designations, these being the roadster, coupe, phaeton, sedan, berline, limousine, brougham, landaulet and cabriolet. The five other types are combinations of the preceding such as the sedan-landaulet, broughman-landaulet, berline-landaulet, coupe-landaulet and limousine-landaulet. It is well that titles applied years ago to well-known types of carriages and buggies, like the brougham and phaeton, are preserved. Modern designs are, in the main, modifications of the old.

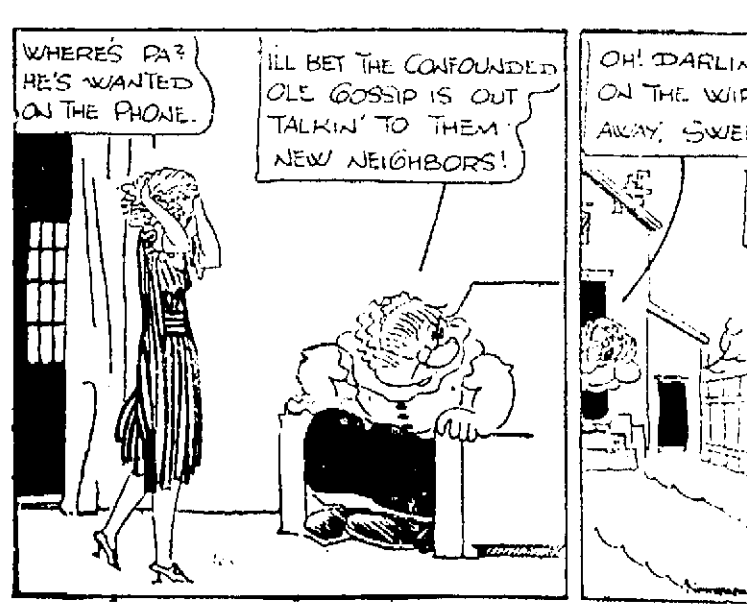

RAISULI AGAIN

NEWs from Northern Africa is that Raisuli, hard pressed by troops, wants to surrender. But we are willing to wager a large fresh doughnut that he will do nothing of the sort. For, lo, these many years Raisuli has been "hard pressed," or pressing. Tough old bandit that he is, he has been all his life busy either putting somebody else in a tight corner or getting out of one himself. Life in Morocco would be without incident or interest with Raisuli behind the bars. As we remember, Raisuli has been captured at least 555 times the past ten years, nearly captured 5,680 times, on the point of surrender 6,444 times and killed at least 98 times in that period. Raisuli appears to combine all the characteristics of a lively flea, a grizzly bear, a will-o-the-wisp and a Jesse James. He has an Aladdin's lamp, a pair of Seven League Boots, a Magic Carpet and a box of tricks that has kept the authorities guessing for a generation. We rather suspect Mr. Raisuli will die with his boots on, some day, far from the haunts of soldiers or police. The jail never was made that has his name on the front door.

THE "CO-ED" AND SPORTS

THE issue has now been flatly joined. Northwestern University's allegation that the "co-eds" are a distraction and a detriment to the college on the athletic field is emphatically denied by the University of Chicago, which acclaims the "co-ed" as an inspiration. One charge that possible candidates for honors in sport are too easily diverted from the Spartan rigor of athletic preparation by the proximity of the fair colleagues. The other reports that it is "better to have the girls around than have the fellows away off chasing them." As a subject for intercollegiate debate this issue might draw unprecedented audiences. Anyway it would be an enlightening, if not uplifting, change from many of the stereotyped topics. Of course, the debate might not settle the question any more than they ever settled any, but they could hardly fail to "humanize" academic oratory. As a sporting proposition the best test perhaps might be to have an athletic team of misogynists tackle a team of bachelors with the "co-eds" on the sidelines cheering chivalry to victory. Yet it may be recalled that when co-education was first proposed the same objection was made that the presence of the fair students would distract the boys from their books! Are they more likely to be distracted from the stronger attraction of sports?

POLLY AND HER PALS

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, February 9.—It is 2:00 a. m. The hour of the senses is soiree in the midnight supper clubs. The inconspicuous entrances are encircled with chinchilla wraps and silk hats whose wearers are trying to pass the silken ropes. At 2:00 a. m. the girls who wear loin cloths and rosy stains on soles and feet—nothing more—do their interpretive dances. "Interpretive" in these days. In the days of our golden youth "the housewife koochle." For in the hard atmosphere of the tiny supper clubs, which have killed the calaret, the dances are weekly growing more sensual and more popular. They are called "clubs" but no admission is charged. The smaller they are the more the appeal. One seats 50 and it is necessary to make reservations weeks in advance. The ceilings are hung low with a silken canopy and the walls draped with satin in which lights are half hidden. These modern Babylonians represent the superlative in decorative art. And the performers—most of them young and beautiful and a little bit abashed but smiling the smile of the brave who die. Sudden gold magically transmuted from dress! They twist and squirm and cast their dazling spell realizing that they are joyous youth cast to a tragic part with laughter in their throats. All the supper clubs are pungent with perfume—the scents of Araba gently wafted from silken folds in the wall. On a tiny dias stand the jazzers, moaning and sobbing their Barlary Coast tunes sometimes softly and then with spasmodic crash. It is a phase of night life that New York has never seen before. The patrons are not bums nor slummers but people whose wealth and social position are historic. Women in thousand dollar gowns and pearls and diamonds to grace a Sheba who have progressed triumphantly in business and the arts. They sit at tiny tables openly drinking heady wines, all smoking and flushed with a new thrill. A modern age amusement mad! No person who sees the hidden life of the black night in Gotham can help leaving it without a tremor of revulsion.

The Village in silhouette! The large studio windows reveal the night life of the studios just as the White Way's glare reveals its joys of the flesh. The windows are broken up into little panes behind which glow flames from gas jets—the village still uses gas domestically and oratorically. The windows are uncurtained. The Village wants to be free and cares not for spring eyes. Girls with heavy earrings and snooks from apple green to turquoise blue puff and paint. Men in black velvet coats sit, pencil poised and lost in thought, fashioning the great epic. The sculptors and sculptresses in their long white coats dabble in their clay long into the night—for night is the hour for genius to express itself in the Village.

(New York Times)
My father sits and mends his nets
That smell of weed and sea.
My mother sits and rocks and knits.
And neither speaks to me.

I sit between and bow and hem—
It's miles across this sheet—
My needle pricks and jabs and sticks—
Outside the slow waves beat.

Outside the stars are white as frost.
The moon is round and high—
And there's a kiss that I shall miss—
The stupid hours crawl by.

Oh, mother, did you never like
To run along the sand,
Where shadows reach across the beach
To whisper, hand in hand?

And, father, were you never young
And wanting life and love?
And did you star or run away
When stars were bright above?

I dare not run—I am afraid—
Dear dad, I fear that you
Have found someone who dares to
To stroll the beach with you!

Signs For Laughter

Sign writers are alert individuals who ply their trade, or shall we say are, in routine manner usually with the desired results. But, now and then amateurs trespass upon the province of the professional sign painter with varying degrees of success. An extra letter here, a comma omitted there and the words on the sign often present a message quite different from the intended idea. Many of the signs painted by "green" brush wielders are very funny in their word combinations. Such signs have been shown on the screen in "Topics of the Day" films with signs of audience laughter. We present some signs clipped from the press, which will make you laugh, or we miss our guess:

members of the United Mine Workers within a short distance of Yorkville, and as one of the local leaders expressed it, "They're all our friends."
Says All Plants Affected
Vice President Larkins, of the Amalgamated Association of Iron, Steel and Tin Plate Workers, explaining the strike, said that all the plants of the Wheeling Steel Corporation were affected by the strike order last July 1. They include two mills at Wheeling, one at Martin's Ferry, one at Leech Bottom, W. Va., one at Benwood, W. Va., and one at Portsmouth, Ohio. The Portsmouth mill, he said, was in partial operation. The strike, Mr. Larkins added, was decided upon at the Toronto meeting of the Amalgamated Association last May and grew out of the refusal of the company to deal with the union.

While many of the strikers are American born, perhaps the majority are of foreign birth.

No Pickets On Duty
So quiet were the streets here today that Sheriff Edward Lucas went to Stubeenville, the county seat, where Frank Wolf and Ted Roberts are in jail in connection with the shooting here yesterday. Chief Deputy Yost was placed in command of the county forces until the return of the sheriff.

For the first time since the Wheeling Steel Corporation brought workers from the outside to reopen its plant here on an "open shop" basis, there were no strike pickets on duty.

Snow was falling today and many men, particularly foreign strikers, went to union headquarters, within a few hundred feet of the mill, and were served coffee, soup and sandwiches.

Seek To Prevent Retaliation
Sheriff Lucas and Mayor Harry Coss and other peace officers have been active in their efforts to prevent retaliation by the strikers for the killing of one man and the wounding of another in a fight yesterday and the impression was general that, for the present at least, there would be no trouble.

The funeral of Elmer Kost, the dead striker, will take place from his home in Tiltonville, near here, tomorrow. He was a member of the Benevolent and Protective Order of Elks, and the Martins Ferry lodge will conduct the funeral services.

Strikers To Hold Meeting
Vice President Walter Larkins, of the Amalgamated Association of Iron, Steel and Tin Plate Workers, who is in direct charge of the strike, went to his home in Martins Ferry soon after midnight, but was expected to return to Yorkville in time for an important meeting of strike leaders, which, it was stated, would be held at 2:30 this afternoon.

Operations at the mill today appeared to be about the same as yesterday, when officials said four hot mills were working.

Pickets On Duty
Shortly after noon pickets again appeared but there was no disorder, the men simply walking by the mill, usually in the roadway. A negro was stopped by a party of pickets after he left a Pennsylvania railroad train. He said he had come here to visit a sister. There are no negroes resident in Yorkville and a special policeman advised him to leave on the next train.

Vice President Larkins, of the Amalgamated Association, was in conference this afternoon with J. C. Seible, a special investigator of the state department of industrial relations, who arrived here from Columbus today. They were joined later by officials of the United Mine Workers of America locals in this immediate vicinity. It was said an effort would be made to have Governor Davis at Columbus take some action on the presence of armed guards in the mill.

Record Tax Collection
The December tax collection, which closed a few days ago, was the largest in point of receipts in the history of the county, according to figures made public Thursday by County Auditor Roy Colburn and Treasurer Henry B. Hueb, which indicate that the amount collected will run just a little short of \$500,000.00 while the delinquent list will be about \$100,000. The collection was based on a grand duplicate valuation of \$7,335,250.00 and with a rate higher in some every district than ever before it naturally produced more revenue in the way of taxes.

The county had a healthy balance of \$319,275.31 at the close of business on Jan. 31, according to the financial statement of Treasurer Hueb, and of this sum \$502,000.00 was in deposits and \$17,275.31 in the treasury. Interest to the amount of \$127.64 was paid by banks on county funds for the month of January.

Bound Over on Paternity Charge
Tom Jones, young farmer living at Lick Run, near Wheelersburg, was taken into custody by Constable Martin Slaughter and taken before Judge Morgan in New Boston Thursday to state a paternity complaint made by Miss Clara Wagner, unmarried young woman, who resides on the Jewellville road.

The accused denied guilt and the preliminary examination resulted in the magistrate binding him over to the Common Pleas court. Jones was released on giving bond in the sum of \$500 for his appearance in court when wanted.

Flowers Appointed
Charles Flowers was appointed by the probate court Thursday to administer the estate of Frank M. Benson, who died at his home in this city last August, leaving real estate with an estimated value of \$100,000.

Suit Compromised
An entry was filed in the office of the clerk of courts Thursday dismissing the suit of the Toledo Steel company against Charles Murphy. The case was amicably settled out of court.

To Administer Estate
Attorney Harry Ball has been named by the probate court to administer the estate of Jack Williams, who died No. 15, 1918, at his home in Washington township leaving real estate with an estimated value of \$80,000.

To Press Motions
Arguments in support and against motion for a new trial in the case of Oscar Moore, recently convicted by a jury in Common Pleas court under an indictment for obtaining money under false pretenses in connection with a real estate option, will be heard by Judge Thomas Friday morning.

The motion asking for a new hearing for Emory V. Carver, found guilty recently of shooting with intent to wound Melvin Dixon, will also probably be submitted to the court. Attorneys A. Z. Blair and Miller and Seal for Moore and Attorneys Funk and Hostetter for Carver.

Funk Paid Up; Released
James Funk, Union township farmer, arrested and convicted recently for violating the prohibition law by having liquor in his possession unlawfully, was released from custody Wednesday when he paid the fine assessed against him.

Case Settled; Dismissed
A settlement having been effected by the parties to the suit of Frank L. Sikes against Edna Geist and others, which has been pending in Common Pleas court for several months, an approved entry was filed in the office of the clerk of courts Thursday dismissing the action.
